

## Electronic billing

gives us a quick turnaround on payments, and prompt follow-up on outstanding claims keeps our past due receivables low. We highly recommend MedBill Resources to any Health Care Provider.

~ Surgical Office of David T. Rideout, MD FACS

## MedBill Resources

has eliminated my billing department. Their accuracy and efficiency have improved my reimbursements.

~ Paul Kamins, MD  
Orthopedic Surgeon

## MedBill's billing staff

is extremely knowledgeable and easy to work with. They often forward their information and updated materials to educate our office staff.

~ Northeast Plastic Surgery

Management**

## About Us

**T**he upheaval in the healthcare industry has made the every day responsibilities of managing a medical practice difficult.

Keeping abreast of new laws and regulations as well as coding and billing issues can be challenging, particularly during a tight labor market and in high office turnover.

MedBill Resources, previously Austin Medical Billing & Resources, keeps clients well prepared to pro-actively deal with the healthcare economy by monitoring it and taking over many of the tasks that make its myriad changes difficult.

Patricia Roy, MedBill's President, is a Certified Professional Coder since 1997. She is also a member of the American Academy of Professional Coders and Past President and Secretary of the Maine Chapter of Professional Coders, of which she was a founding member. She has also been a member of the Maine Medical Practice Managers Association since 1983 and has served on various committees and board positions.

The billing staff at MedBill has over 50 years of combined billing experience in various specialties.
